

Guilford County Family Care Homes

Family Care Homes provide care for persons age 18 and older who do not need nursing home care but are no longer able to remain in their own homes because they need help in meeting daily needs such as meal preparation and housekeeping. Adult care homes are for people who only need occasional and incidental medical services. Room and board, personal assistance, supervision of medications, and social activities are provided. The private cost rates vary from facility to facility, and supplemental assistance may be available to cover the cost for those with limited incomes. Information on assistance may be obtained through the local Department of Social Services. Assisted living is a term used to refer to Adult Care Homes (7 or more residents) and Family Care Homes (2-6 residents). For more information regarding placement in any of these homes, contact your local Department of Social Services Adult Services section.

Information about Long-Term Care Facilities in Region G is provided courtesy of
Piedmont Triad Regional Council Area Agency on Aging
Regional Long-Term Care Ombudsman Program

Long-Term Care Ombudsmen are advocates for residents of nursing homes, assisted living facilities, and family care homes. They work to resolve problems of individual residents and to bring about changes at the local, state, and national levels to improve care. Regional Ombudsmen, with the assistance of trained volunteers, regularly visit long-term care facilities, monitor conditions and care, and provide a voice for those unable to speak for themselves.

To contact your local Ombudsman, call (336) 294-4950.
